

### **SPECIAL THANKS**

This is Dorothy a form 2 student. I would like to thank **Justice and Peace** organisation for my studies support. It has been harder to find the support.

I can now see the light of having a bright future. There are lots of youths who are struggling to have such a sponsorship, I don't take it for granted for you to consider me out of the majority.

God bless you all and I am always praying for the rest of my friends who are in need to get support too. I will continue working hard. Bye for now.

Best regards from,

Dorothy Lazaro.

### **MY HAPPINESS**

This is **Inness Nenani** a form 3 student.

I am very happy that you have paid my second term school fees. This is a good news for such a loving support. I am full of happiness for being considered by your organisation of **Justice and Peace**. May the Almighty God continue guiding, protecting and blessing you all abundantly.

As a young girl I have been disappointed from time to time in getting the support. I promise to work extra hard to achieve my goals and will be able to help my society too.

We have been writing second term tests and have been very good. The term will be closed on 13<sup>th</sup> August. Looking forward to have a 2 weeks holiday. Third term will commence on 30<sup>th</sup> August.

I am wishing you all the best and I am very proud of you all.

Inness.
